A woman with long dark hair is standing in a forest, leaning against a tree trunk. She is wearing a thick, cable-knit cardigan in a mix of purple and red tones, with a large, shaggy grey fur collar. Underneath, she wears a long, dark skirt with a subtle floral or leaf pattern. She is also wearing dark boots. The forest floor is covered in dry leaves and moss, and the background shows more trees and foliage.

35 Warm and bright at the same time: Cognac is now THE color combination. Here it teams up with fuchsia and therefore puts the rustic cable cardigan in a brand new light.

FIORE + WOOLHAIR

Effect? Full!

Welcome to the facet kingdom,
where textured knitting now lives
in colorful mottled yarns and
unusual colors combinations.
A magical mix!

A woman with long brown hair is standing in a forest, leaning against a large tree trunk. She is wearing a short-sleeved, high-collared sweater with horizontal stripes in shades of orange, red, and purple. Underneath, a light-colored long-sleeved shirt is visible. She is also wearing grey trousers and orange ankle boots. The forest floor is covered with dry leaves and twigs, and the background shows more trees and foliage.

36 Not a big deal? No, because this little guy is indeed quick to knit, but impressive with its cabled yoke and the soft gradient yarn. **ALTA MODA COLOR**

A woman with long dark hair is standing in a forest, wearing a rust-colored Aran polo neck sweater with a textured cable knit pattern and dark jeans. She has her arms crossed and is looking off to the side. The background is a blurred forest scene with trees and fallen leaves.

37 It's amazing how vivid rust acts when a shot of bordeaux is mixed in. On top of this, the classic Aran polo neck is knit with an ultra-light new wool yarn.
